

2-WAY HUMIDITY CONTROL

+ POWERFUL TERPENE INFUSION

BOOST. INFUSE. REUSE.

Each pack of Integra Boost® Terpene Essentials contains our patented salt-free, plant-based 2-way humidity control formula and our botanically sourced terpene isolates. All of our terpenes are tested, standardized in potency, and Safe Terpene Certified—ensuring there aren't any heavy metals, pesticides, residual solvents, and myotoxins.

Infuse your herbal product with a specific aroma, flavor, and potential effect from one of our seven terpene isolates while our 2-way humidity control technology preserves the freshness, potency, and integrity of your herbal product throughout the process.

PACK SIZE	SUGGESTED PRODUCT WEIGHT
4g	up to 14g (0.5 oz)
67g	up to 1lb (16 oz)

EACH PACK IS PROTECTED BY INTEGRA NO-OX.

It removes the oxygen inside the clear wrapper around each individual pack and preserves the potency of the terpenes inside.

NO-OX can also extend the life of all kinds of food & plant products, concentrates, and extracts.

DIRECTIONS

Add Boost® Terpene Essentials & No-Ox pack with your herbs in an airtight container, wait 24-72 hours for terpene infusion to occur, and enjoy.

For long-term freshness, replace the Boost® Terpene Essentials & No-Ox pack with a non-flavored 55% or 62% RH Boost® pack.

Pro tip: after initial infusion, store the Boost® Terpene Essentials & No-Ox pack in an airtight container and reuse up to 2 more times.
