DON'T WAIT
AROUND FOR
THE PERFECT
ENVIRONMENT.
CREATE IT WITH
INTEGRA.

MEET INTEGRA.

Meet humidity harmony made simple.

We've never been ones for waiting around. While most people talk about balance as if it's something to be found, we know balance is something that's created. And here at Integra, that's exactly what we do every single day, with our team of industry experts. Learn more on the following pages.

SAFE.

We believe the most effective solutions can also be the most safe. We've dedicated over 22 years to relentless research, endless experimentation, and countless quality-assurance tests creating humidity-control solutions that are biodegradable, non-toxic, salt-free and FDA compliant.

EFFECTIVE.

Taking control of your environment rather than being at the mercy of it is tough work. That's why our team is constantly in the lab expertly engineering products that do the hard work of balancing the environment for you.

Browse the following pages for a comprehensive look at our product offerings, or reach out to us directly at cs@integraboostcanada.ca or 403.885.6264 if you have any questions.

SIMPLE.

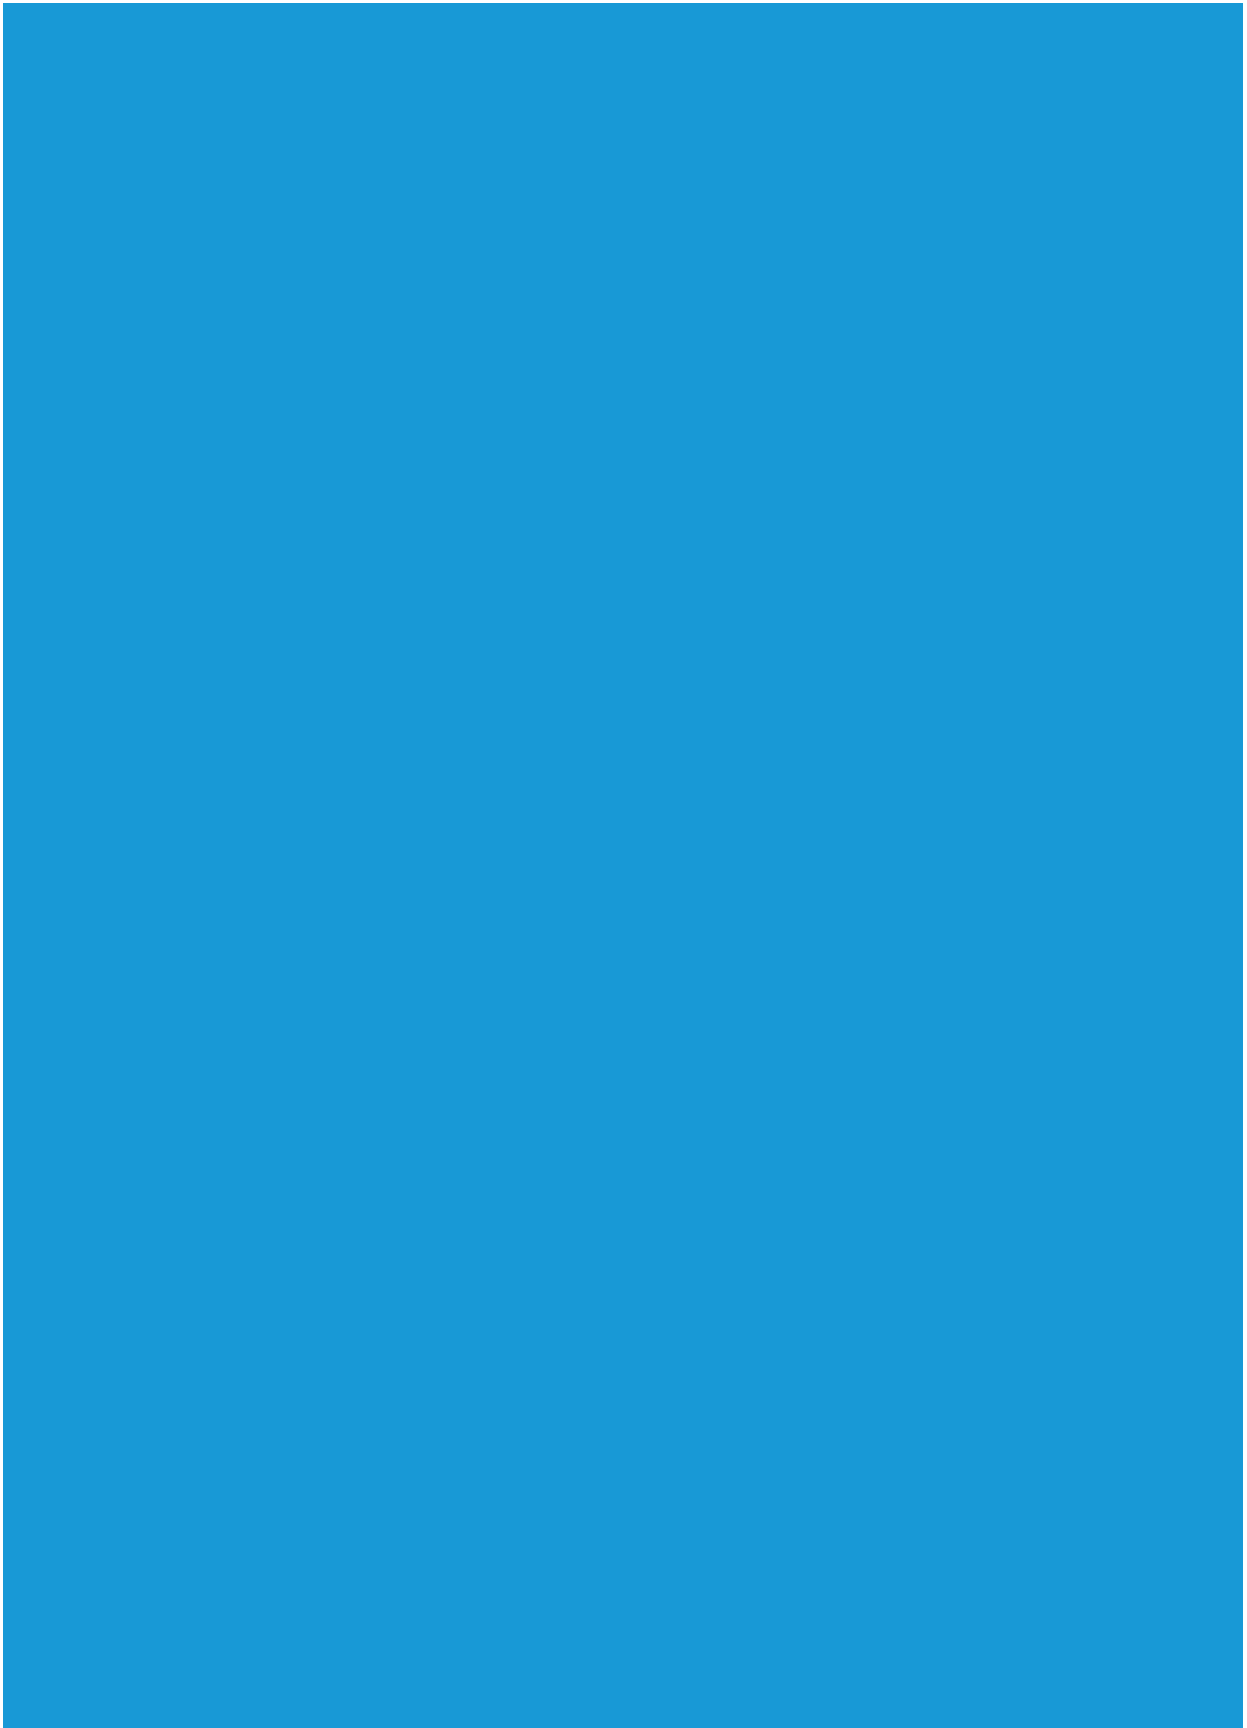

Leave the lab coats to our pros our no-fuss products don't require a background in chemistry to use them. From hands-free monitoring to 2-way humidity-control technology that expertly adapts to the air around it without you lifting a finger, everything we develop at Integra is created with you and your time in mind.

BRING ON THE BALANCE.

We know that preserving your most precious products comes down to one thing: balance. Whether it's boosting humidity in a dry environment or removing excess moisture (see ya later, mold), at Integra we're all about creating Goldilocks moments. Because you deserve nothing less than *just right*.

STOP WORRYING ABOUT HUMIDITY. THAT'S OUR JOB.

TWO-WAY HUMIDITY CONTROL

HUMIDITY-CONTROL THAT DOES THE WORK FOR YOU

Integra BOOST® packs use our patented 2-way humidity-control technology to expertly adapt to the air around them either releasing or absorbing moisture as needed to maintain relative humidity (RH) in a contained environment.

The Benefits:

- Extend shelf-life
- Preserve product quality and integrity
- Protect from mold and rot
- BOOST® humidity to avoid over-drying

The Difference:

- Salt-free
- Non-Toxic
- Biodegradable
- No chemical off-gas
- Plant-based solution
- Spill- and tear-resistant
- FDA-compliant and safe for food contact
- Designed to grab excess moisture faster than other leading brands

CREATE THE PERFECT ENVIRONMENT IN AN ENCLOSED CONTAINER

Place a biodegradable Integra BOOST® pack in an enclosed container with the product to be preserved. The BOOST® pack will take it from there adapting to the air around it and adding or removing moisture as needed.

Choose your humidity level.

All BOOST® packs are available in 55% or 62% RH.

Aw, sweet simplicity.

Replace your BOOST® pack with a fresh one when the included Humidity Indicator Card turns bright blue. It's that simple. Really.

INTEGRA BOOST® 1 AND 2-GRAM PACKS

Actual Size.

1 gram BOOST® pack
dimensions: 1.73" x 1.378"

2 gram BOOST® pack
dimensions: 1.73" X 1.77"

Perfect for: 1 gram: storing up to 3.5 grams of product in a sealed container and 2 gram: storing up to 7 grams of product in a sealed container

Available in: 55% or 62% relative humidity

Quantity: Bulk

Comes: Master Case Double Overwrapped with no HIC cards

SKU: 1 gram - B01A55J (55% RH packs) - 3500 per case
B01A62J (62% RH packs) - 3500 per case

2 gram - B02A55J (55% RH packs) - 2000 per case
B02A62J (62% RH packs) - 2000 per case

INTEGRA BOOST® 4-GRAM PACKS

Actual Size.

BOOST® pack dimensions: 2" X 2.375"

Perfect for: Storing up to 14 grams of product in a sealed container

Available in: 55% or 62% relative humidity

Quantity: 600

Bulk options: 1000

Comes: Individually Over-wrapped with hands-free Humidity Indicator Card

SKU: B04A55B (55% RH packs) - 600 per case

B04A62B (62% RH packs) - 600 per case

Comes: Master Case Double Over-wrapped with no HIC cards

B04A55J (55% RH packs) - 1000 per case

B04A62J (62% RH packs) - 1000 per case

INTEGRA BOOST® 8-GRAM PACKS

Actual Size.

BOOST® pack dimensions: 2.5" X 2.75"

Perfect for: Storing up to 28 grams of product in a sealed container

Available in: 55% or 62% relative humidity

Quantity: 300 packs

Comes: Overwrapped with hands-free Humidity Indicator Card

SKU: B08A55B (55% RH packs) - 300 per case
B08A62B (62% RH packs) - 300 per case

Bulk options available:

Quantity: 500 packs

Comes: Master Case Double Overwrapped with no HIC cards

SKU: B08A55J (55% RH packs) - 500 per case
B08A62J (62% RH packs) - 500 per case

INTEGRA BOOST® 67-GRAM PACKS

Actual Size.
BOOST® pack dimensions: 6" X 4"

Perfect for: Storing up to 454 grams of product in a sealed container

Available in: 55% or 62% relative humidity

Quantity: 100 packs

Comes: Overwrapped with hands-free Humidity Indicator Card

SKU: B67A55A (55% RH packs) - 100 per case B67A62A (62% RH packs) - 100 per case

NEW! INTEGRA BOOST® CIRCLE PACKS

Perfect for: Most common-size jars, lids or containers.

Available in: 55% or 62% relative humidity

Quantity: 3500 per case

Comes: Bulk

SKU:

B37M55A (37mm 55% RH packs), B37M62A (37mm 62% RH packs)

B45M55A (45mm 55% RH packs), B45M62A (45mm 62% RH packs)

Available Sizes.

37mm

45mm

51mm

INTEGRA BOOST® HUMIDITY INDICATOR CARDS

Perfect for: Easily checking relative humidity in a closed container

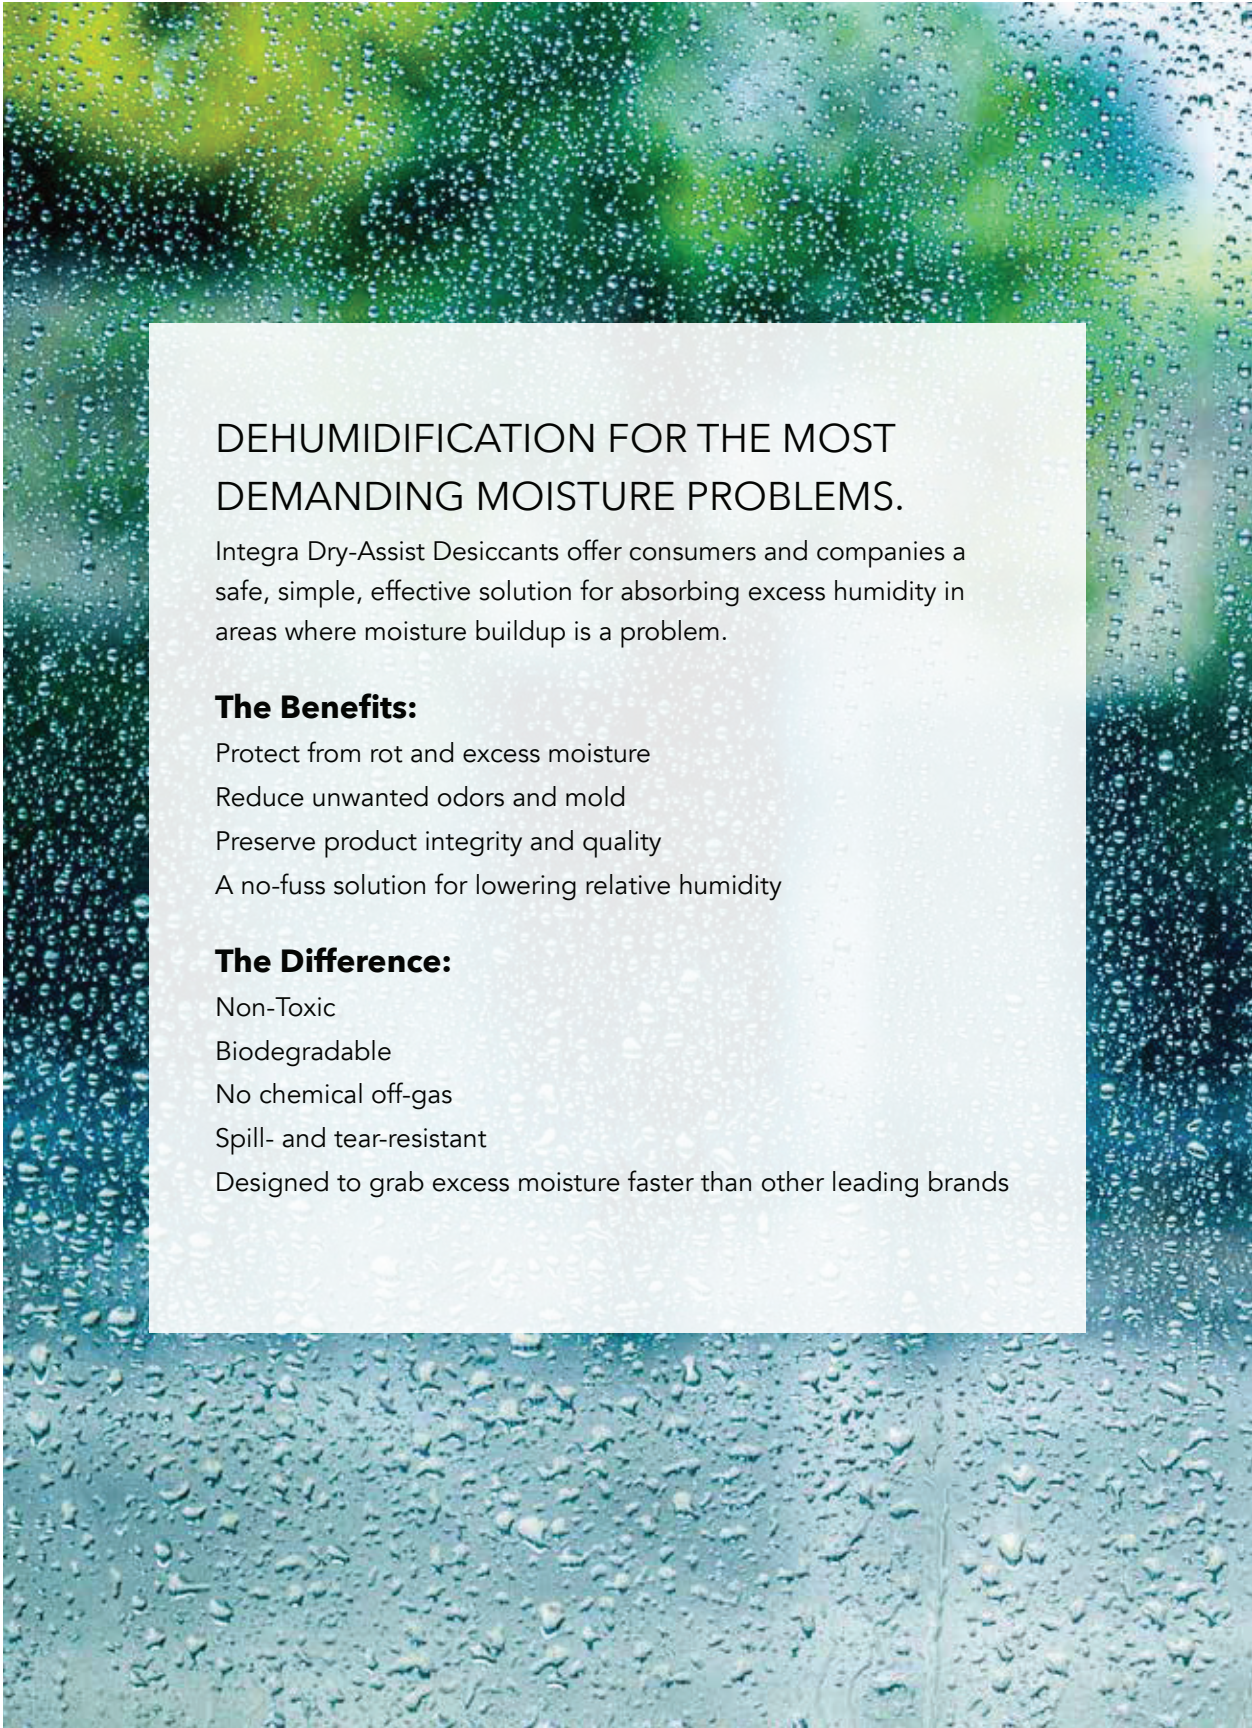

About: 6 dots on each card read relative humidity from 10-60%

Quantity: 10 per pack, 36 packs per case

Comes: Overwrapped

SKU: 04IB14C29

DRY-ASSIST DESICCANTS

DEHUMIDIFICATION FOR THE MOST DEMANDING MOISTURE PROBLEMS.

Integra Dry-Assist Desiccants offer consumers and companies a safe, simple, effective solution for absorbing excess humidity in areas where moisture buildup is a problem.

The Benefits:

- Protect from rot and excess moisture
- Reduce unwanted odors and mold
- Preserve product integrity and quality
- A no-fuss solution for lowering relative humidity

The Difference:

- Non-Toxic
- Biodegradable
- No chemical off-gas
- Spill- and tear-resistant
- Designed to grab excess moisture faster than other leading brands

INTEGRA CARGO DRY PLUS

Hang anywhere moisture buildup is a problem
Up to 90 days of moisture protection
Will not absorb humidity below 50%
Absorbs 158% of its weight in moisture

Perfect for: Hanging in areas where excess moisture is a problem

Quantity: 6 strips per case - 1,000 grams of desiccants per strip

SKU: CDP-BOOST

INTEGRA DRY BUCKET

Place anywhere moisture buildup is a problem
Will not absorb humidity below 50%
Absorbs 158% of its weight in moisture

Perfect for: Placing in areas where excess moisture is a problem

Quantity: 30 bags of desiccants per bucket - 200 grams of desiccants per bag

SKU: SNDBUCKET

AUTOMATION

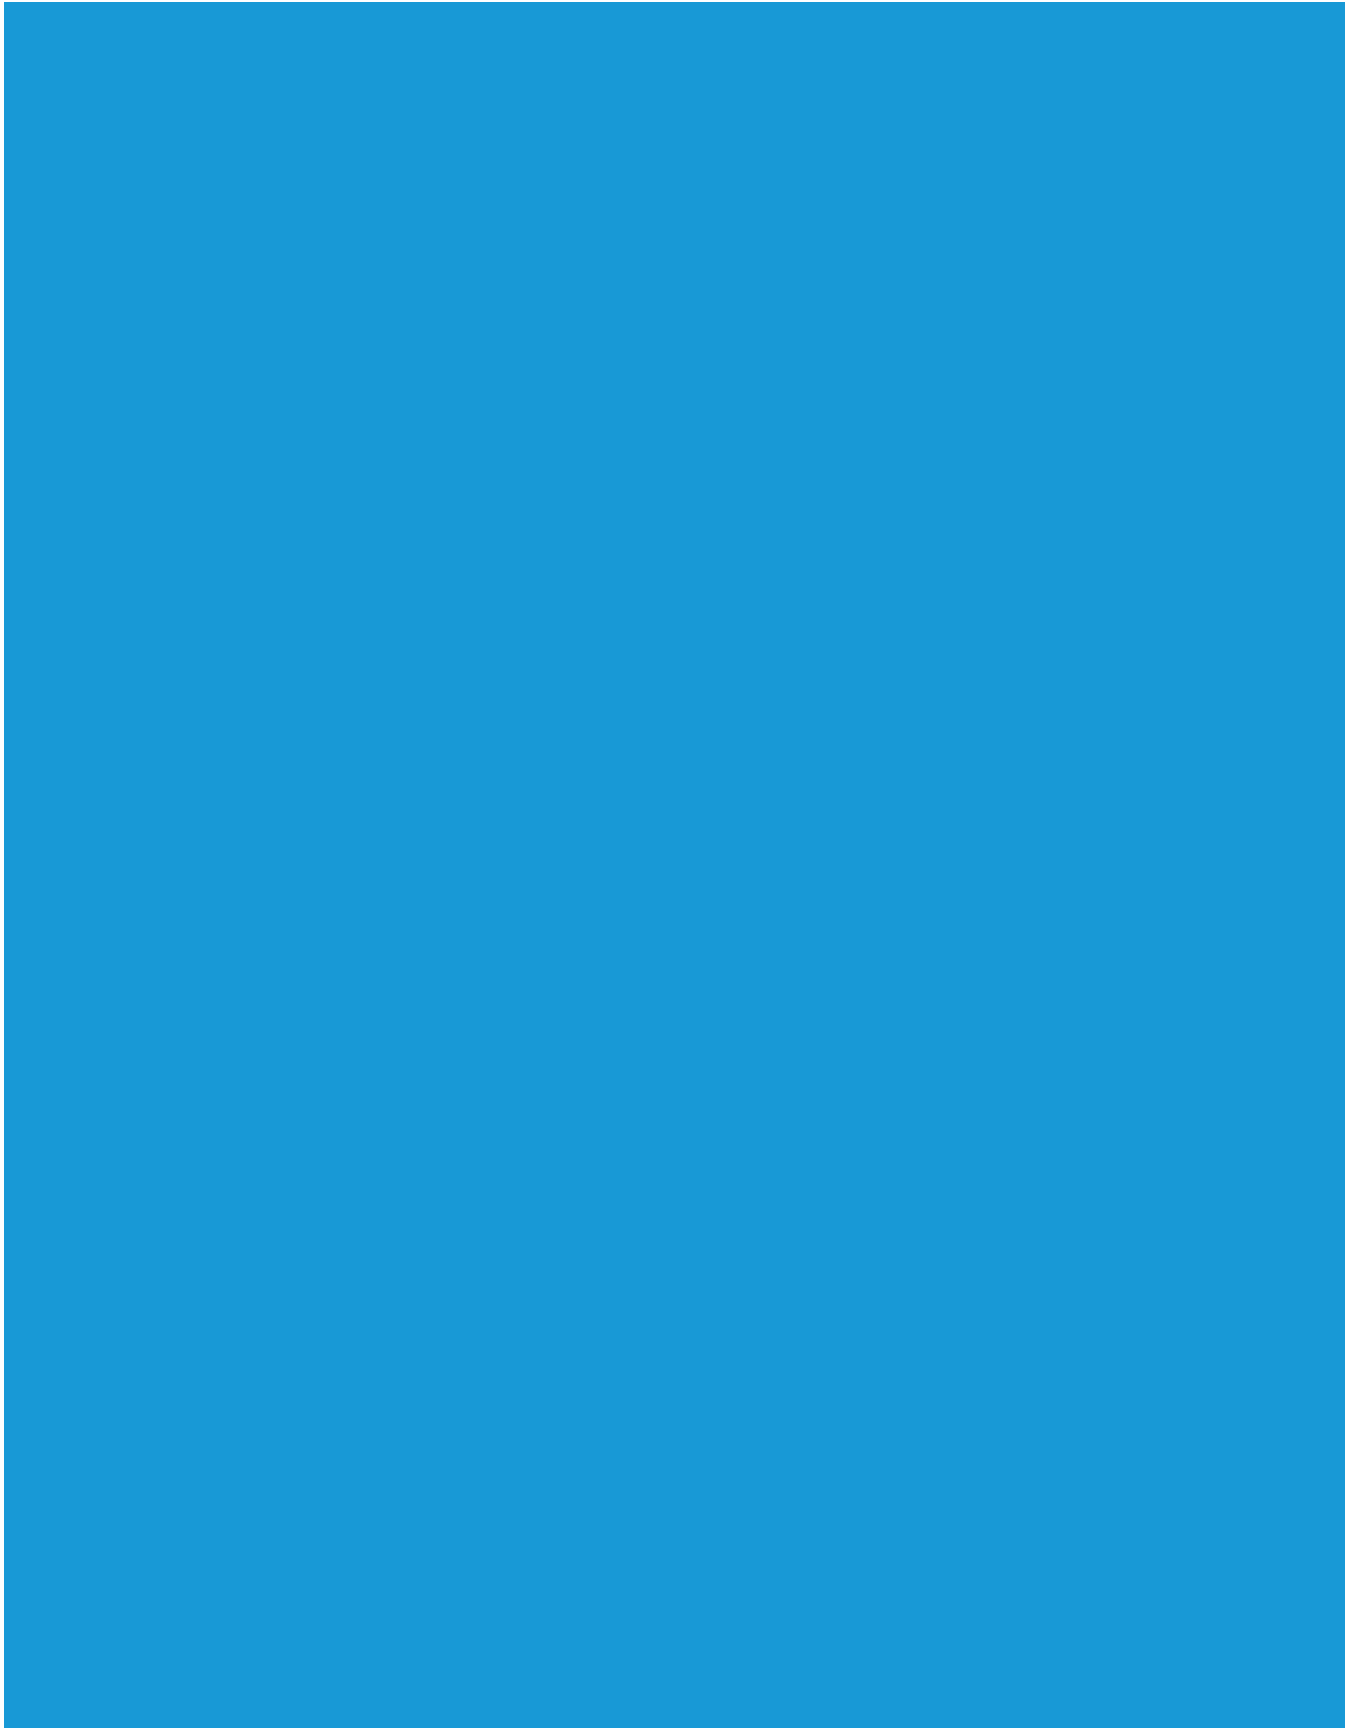

A SEAMLESS PROCESS TO A PERFECT PRODUCT: AUTOMATION OPTIONS TO SAVE YOU TIME.

At Integra, preserving your products and saving you time in the process is what we're all about which is why we offer products designed specifically to work with automated dispensing equipment for added efficiency.

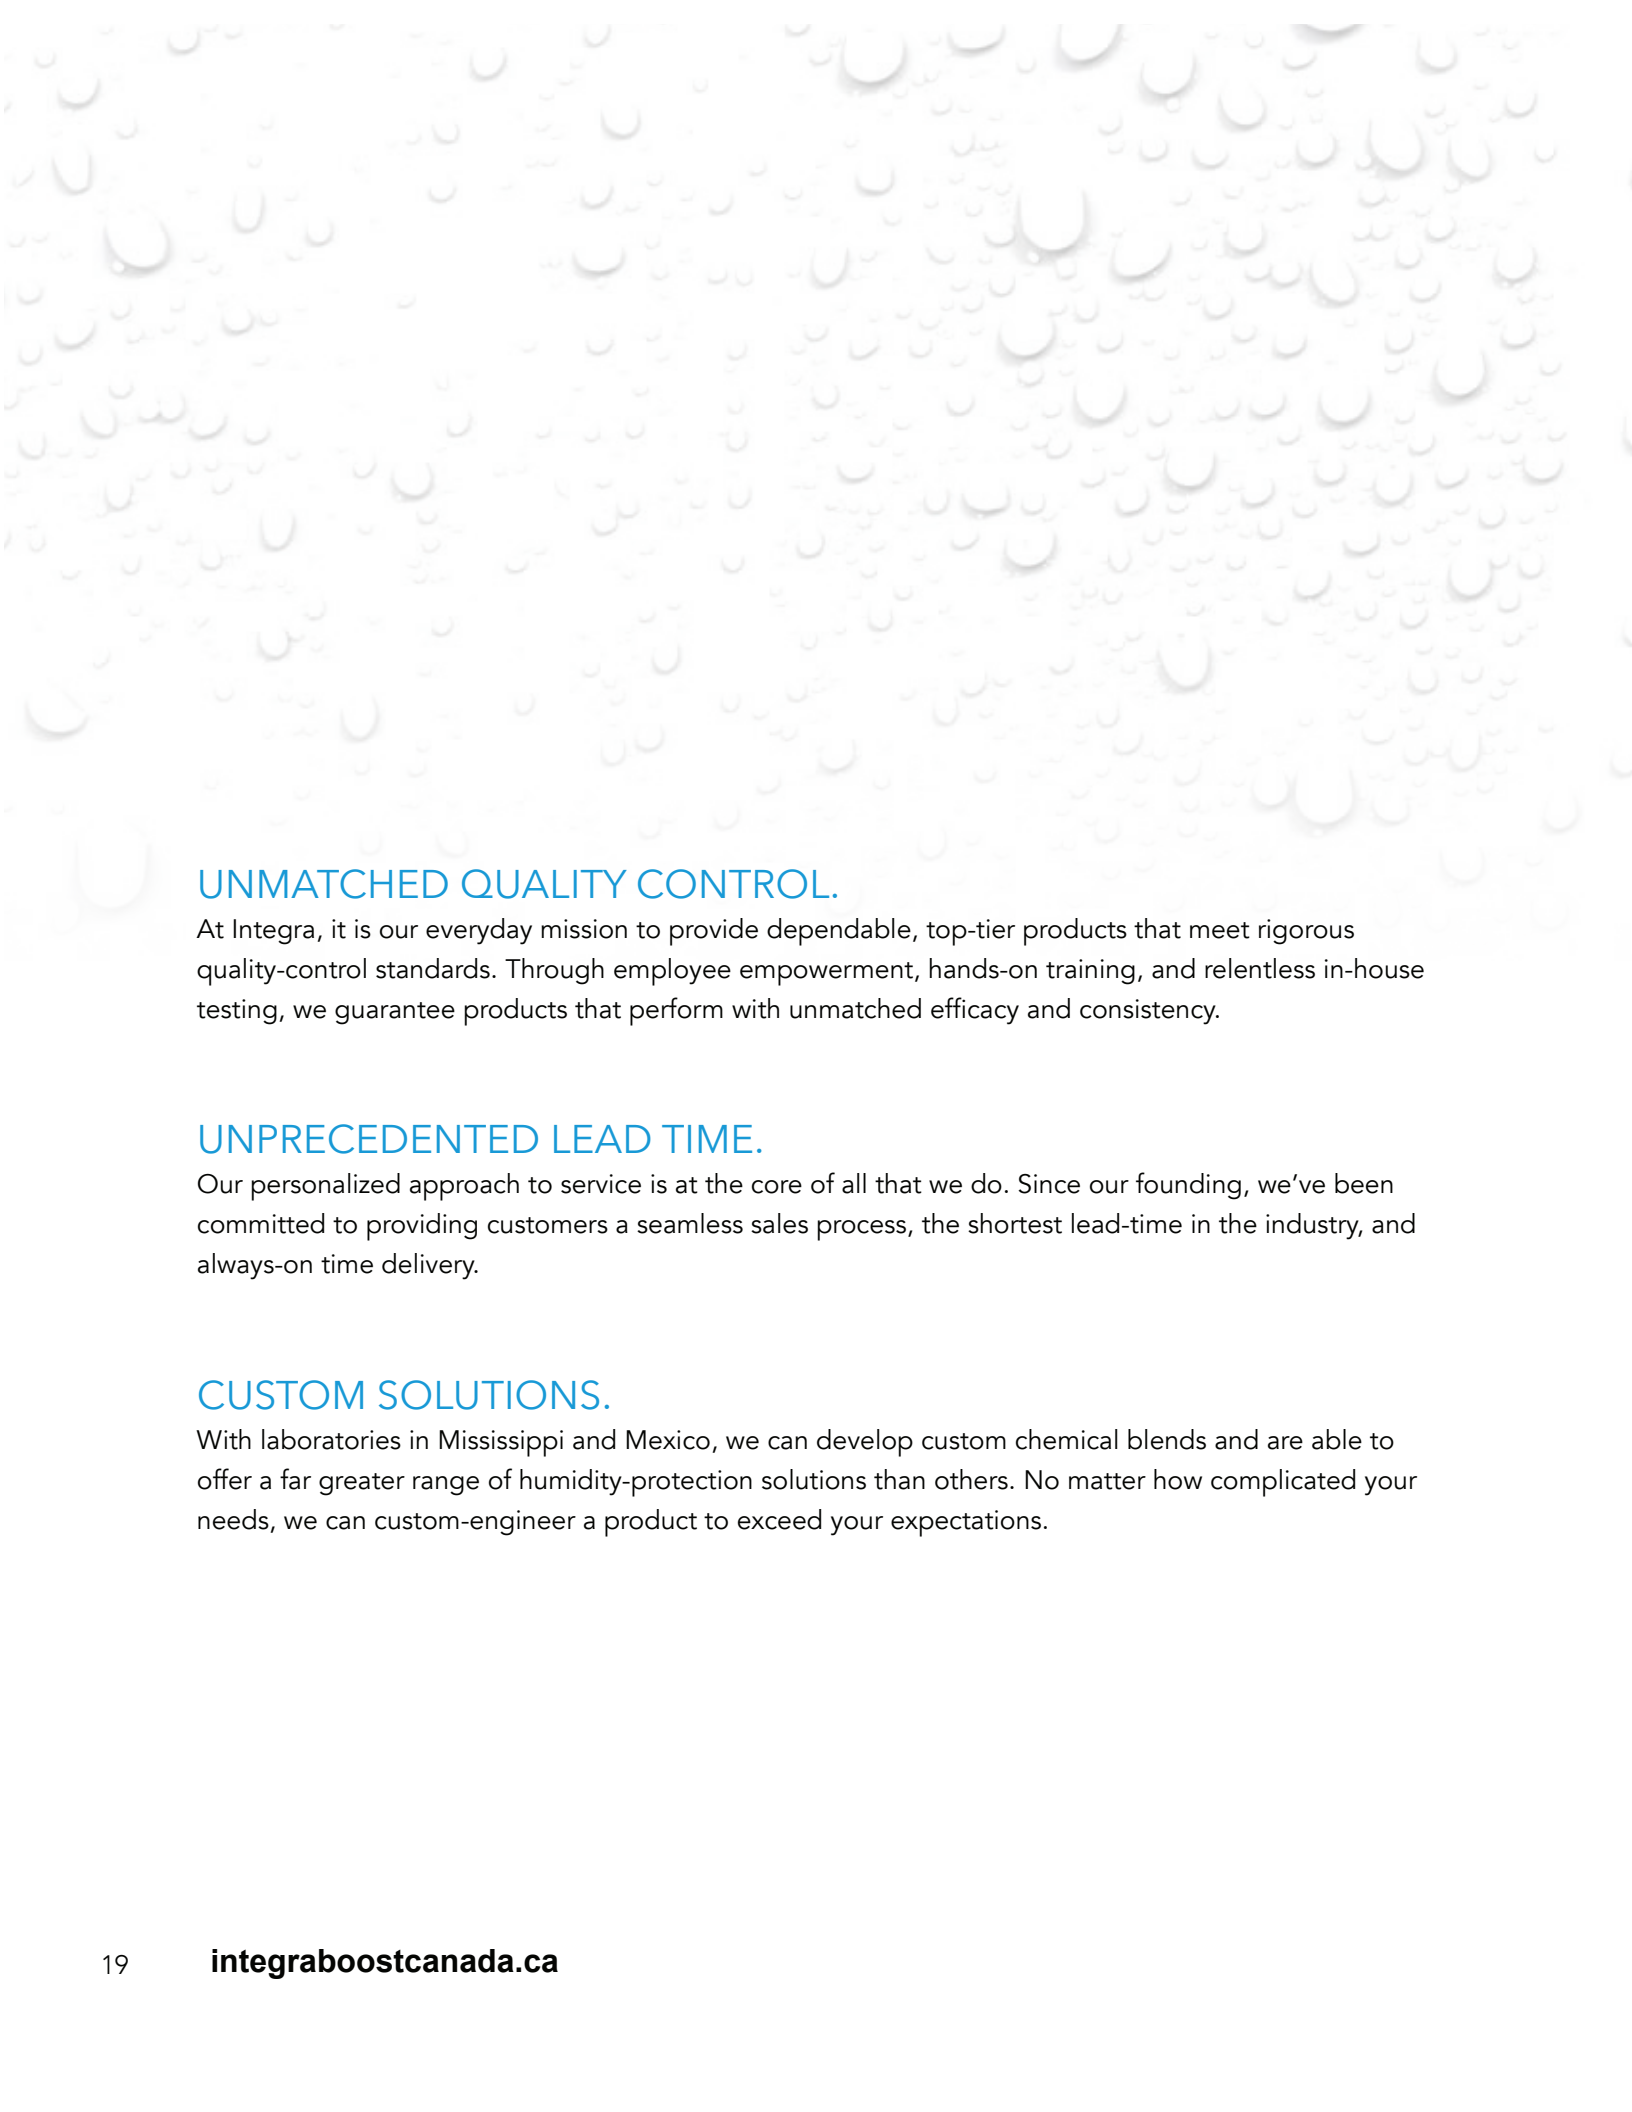

Whether you already own dispensing equipment and simply need compatible desiccants and/or oxygen absorbers to ensure your machines run even more efficiently or are seeking to purchase automation equipment to save valuable time and resources, we offer a smart solution to suit your needs.

Adding our products to your final packaging has never been easier.

FINALLY.
HUMIDITY
PROTECTION
THAT TREATS
YOUR PRODUCT
LIKE YOU DO.

UNMATCHED QUALITY CONTROL.

At Integra, it is our everyday mission to provide dependable, top-tier products that meet rigorous quality-control standards. Through employee empowerment, hands-on training, and relentless in-house testing, we guarantee products that perform with unmatched efficacy and consistency.

UNPRECEDENTED LEAD TIME.

Our personalized approach to service is at the core of all that we do. Since our founding, we've been committed to providing customers a seamless sales process, the shortest lead-time in the industry, and always-on time delivery.

CUSTOM SOLUTIONS.

With laboratories in Mississippi and Mexico, we can develop custom chemical blends and are able to offer a far greater range of humidity-protection solutions than others. No matter how complicated your needs, we can custom-engineer a product to exceed your expectations.

STOP PLAYING THE GUESSING GAME AND
BRING ON THE BALANCE.
